17 May 2011

WHAT'S YOUR SPECIAL SKILL?

We can all do something clever and useful. What's your talent? Can you teach sports skills? Sign-write? Sew? Play music? Take great photos? Balance books? Whatever your skill is, we'd like to know.

We're keen to get parents involved in all sorts of ways. Maybe you can teach rugby league-skills in a session for the kids. Or run a hands-on art workshop.

Maybe you could volunteer your time to audit the P&C books once a year (we're looking for someone to do this soon). Or to paint some play equipment.

Below are some suggestions, but there's also room to add in anything else we haven't thought of. Let us know what your special skills are. When we have an activity coming up that might interest you, we'll get in touch and see if you're available.

Tick as many boxes as apply for all the adults in the family, and write in anything we've forgotten...

Well, if I do say so myself I'm not bad at:

Baking

Carpentry / Wood-turning

Photography

Bookkeeping

Crafts (knitting, crochet)

Sports

Calligraphy

Gardening

Sewing

Music

Painting

Sign-writing
